

Dear parent(s)

In the past few days you received your account and login details for Smartschool in the bookbag of your child(ren).

-**For the kindergarten, the 1st year and the 2nd year only a parent account** was given. For these class/years it is especially important that parents and teachers are able to communicate smoothly with each other.

-**From the 3rd grade up to the 6th grade a parent and student account** was given. For these classes there are specific ICT goals to be achieved. These children are also old enough (with instruction or help) to work independently with their account.

→ Maybe you or your child(ren) have problems logging in, the platform does not work correctly on one of your digital devices (smartphone, tablet, ...) or do you have another problem?

On Monday 14 September 2020 and Thursday 17 September 2020 we will organize an information and practice moment at school about the use of Smartschool.

What can you expect?

We first help logging in, make sure everything works and then we work together to send a message to the class teacher, for example. Both parent(s) and children are welcome. If necessary we can provide a laptop for practice.

In view of the current health crisis (Corona), we ask you to register digitally in advance. This way we limit the number of attendees (max. 15 per session) and the meeting of large groups. Wearing a mouth mask remains mandatory. In between sessions everything will be disinfected for the next users. The information and practice moment will take place in the kindergarten room.

You can register and choose a time via the following link:

<https://forms.gle/XX9yzzAYhGVA4Qc69>.

Kind regards

Stanny De Block
Director GO! Primary School The Bee
