

Invitation to parent contact kindergarten: Thursday 29 October 2020

Dear parent (s)

The school year is in full swing. There was already a bit of playing, working and learning in the kindergarten. through a **parent contact** The teachers would like to inform you about the progress and (learning) development of your child.

As a school, we attach great importance to your presence and involvement. We therefore find it very important that you are present at this time.

Important to know! The language of instruction for this contact moment is Dutch. If you do not speak the language, we ask you to bring an interpreter or confidential adviser.

How do you make an appointment?

- Create via **Smartschool - module parent contact** an online appointment with the teacher. You can check there which times are still available.
⇒ **More info?** See manual - Smartschool module parent contact.
- If you have problems with your Smartschool account, you can contact the secretariat on **053 / 46.33.00**. They will make an appointment with you by telephone.
- **We ask you to make time for the parent contact on the scheduled date.** If you are still unable to come by, you can contact the class teacher (via Smartschool, by telephone, via the agenda, ...). An alternative moment can then be agreed mutually.
- Given the current health crisis, it is possible to conduct the parent contact **via a live session** . If you wish, you must arrange this yourself with the class teacher. He / she will make an appointment with you via Smartschool for a live parent contact.
