

Invitation digital parent contact nursery and primary school Monday 8/02/21 to Friday 12/02/21

Dear parent (s)

Via a **parent contact**, the class teacher would like to inform you about the learning development and school performance of your child.

- In **kindergarten**, the course of the past period is examined together (how was the game played, worked and learned).
- The **primary school** results on the **winter report** are discussed in.

As a school, we attach great importance to your attendance and parental involvement. We therefore think it is important that you are present (digitally or physically) at this time.

Given the current health crisis, parents contacts contactless place (via **Smartschool Live or by phone**).

Create via **parent contact Smartschool module** an **online appointment** with the teacher. You can check there which times are available.

⇒ More info? See [manual - Smartschool module parent contact](#).

If you **problems** have with your **Smart School Account** or **making a digital appointment**, you can contact the secretariat on **053 / 46.33.00**.

They will make an appointment with you by phone.

You can from **Monday 25/01/21** to **Friday 5/02/21** make an appointment digitally.

- ⇒ On Monday 01/02/21, parents who have not yet made an appointment will receive a reminder (by telephone and / or via text message).

If the school results are worrying, it is possible that the school deems a physical meeting essential and therefore the parent contact exceptionally continues at school.

You will be contacted for this by the class teacher or the care coordinator.

During a physical contact with the parent, you wear a **mouth mask** and keep it at all times **sufficient distance** (at least 1.5 meters) and **disinfected hands** when entering the building.

The language of instruction for this contact moment is **Dutch**. If you do not speak the language, we ask you to provide an interpreter or confidential adviser.

- ⇒ Please notify us if this is the case and we will ensure that this person can digitally participate in the parent contact.
