Wednesday 23.06.21^(3 + 4 hour): integration time next

year, the students visit the teacher and class the following year. There they can get acquainted with the new class, the teacher and the workings in a safe and quiet way.

For L5 is currently postponed Tuesday, 29/06/2021 (3rd and 4th class) as at 23/06/21 decrease the OVSG keys are still in L6.

Friday 25/06/21: school trip toddler and lower

Given the various corona measures in force within various sectors, it has been chosen to end the school year together in a nice way with an outdoor play day at our school. In collaboration with the organization Captain Sport, a bouncy castle village will be placed on our domain. In addition, there will also be many other team building and sports activities for which professional guidance is provided by the organization itself.

The activities are adapted to the age group and there will be a separate village for the nursery section. A transfer system is used so that people can always participate in the activities per class bubble. All children are also treated to a delicious ice cream in the afternoon.

What do you need this day?

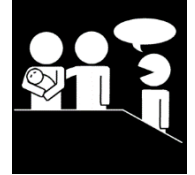

- sporty clothing (you will already wear these when you arrive at school),
- suitable footwear that can be easily removed (e.g. with velcro),
- afternoon lunch/sandwiches (the hot meals stop from Thursday 24/06),
- a drink (or drinking bottle that can be filled) be with water).

You can leave the book bag at home for once this day! ☺

The cost for this activity goes through the maximum invoice already charged (MAF).

Monday 28/06/2021: targeted parent contact

If you receive a personal letter from the class teacher, this means that you are explicitly invited for targeted parent contact with the class teacher. This means that your child can transfer to the next year, but it must be discussed with you as a parent(s) which measures are needed and what the educational needs of your child are for the next school year.

This moment will continue physically at school according to the corona measures in force (mouth mask, keeping distance,...). You will be able to provide a choice of time via the letter.

Monday 28/06/2021: final year proclamation

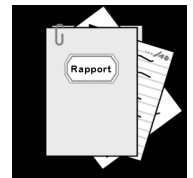

The parents and students of our senior year will soon receive an invitation to this proclamation. Given the specific guidelines from the government, the proclamation will not look like usual, but we are already trying to let both parents and students say goodbye to primary education.

Tuesday 29/06/2021: general parent contact – pick up report

On Tuesday you can visit the class teacher from 3.10 pm to 5 pm for a general parent contact and/or to pick up the report. There is also the possibility for an informal chat. You do not have to register for this, but we do apply the following corona guidelines:

- If possible, the contact moment will take place outside as much as possible.
- All parties wear a mouth mask and keep enough distance. The classroom is always ventilated.
- A maximum of 4 people (including class teacher) may be present in the class. Children < 12 years are not included. If there are too many people, we ask you to wait outside until a place is available.

Parents of children who cannot be present at the above time will contact the class teacher to arrange another time. Reports that have not been collected will be given in the school bag on Wednesday.

Wednesday 30/06/2021: last day of school and adjusted hours of after-school care

Our school is open on the last day of school. The class teacher will close together with the students.
